

# HOMELESSNESS Action Legal Team

HALT is a national legal community to defend and enhance the legal rights of unhoused and unstably housed persons. HALT members serve as core support for the National Homelessness Law Center to achieve our mission of using the power of the law to prevent and end homelessness.

## Racial Equity Mission

We recognize structural racism as a root cause of homelessness. Over half of the homeless population in the United States are persons of color—nearly 40% of those persons are Black or African American. We understand our Nation’s long struggle with racism in all forms, as well as the direct, and collateral consequences resulting from structural racism. Racism’s reach has touched every institution and all areas of activity in our society. Homelessness is not exempt; therefore, we believe that ending homelessness cannot happen without addressing racial inequity.

## Eligibility

Local, national and international law firms, firm partners, offices of corporate counsel, legal organizations and associations, and individual practitioners who wish to engage with Law Center staff in “think tank” level analysis of legal and policy solutions to homelessness while supporting the ongoing work of the National Homelessness Law Center.

HALT Memberships are annual, pledge-based sponsorships that can include HALT contributions, McKinney-Vento Awards sponsorships, and other philanthropic donations to the Law Center.
